VDC	: Village Development Committee
WCDO	: Women and Children Development Office

## 1 Executive Summary

This report outlines the progresses of NPTF supported projects over four months from 17 November 2014 to 14 March 2015 and is based on the progress reports submitted by the implementing agencies.

### NPTF 3<sup>rd</sup> phase

The third phase (2014 - 2017) of the NPTF started in 2014. NPTF Strategy has been approved for the period (2014 to July 2017), has given emphasis on a programmatic approach under four new clusters namely, 1) Social Dimensions/CAPs, 2) Transitional Justice and Reconciliation, 3) Access to Security and 4) Political Dimension. The 17<sup>th</sup> meeting of the NPTF Board has approved two programme documents for clusters 1 and 4. Concept notes and project documents will be formulated in accordance with the approved programme documents.

## NPTF 1<sup>st</sup> & 2<sup>nd</sup> phases

Till 14 March 2015, NPTF phases 1 & 2 financed a total of 65 projects; of which, 44 have been completed and 21, ongoing. These projects have supported various sectors such as cantonment management, rehabilitation and reintegration of Maoist combatants, support to internally displaced people, rehabilitation of conflict affected disabled persons, constituent assembly elections, local peace committees, reconstruction of police units damaged during the conflict etc. under these four clusters.

Name of the Cluster	Projects	Projects	Total	Approved budget
	completed	ongoing	Projects	(in mn NPR)
1. Cantonment Management, Integration/	21	1	22	5,539.87
Rehabilitation of Combatants				
2.Conflict Affected Persons and	1	3	4	1,064.83
Communities				
3. Security and Transitional Justice	4	12	16	4,686.17
4. Constituent Assembly, Elections and	18	5	23	12,163.50
Peace Building Initiatives at National and				
Local Levels				
Sub-total	44	21	65	23,454.37
Technical Cooperation Pool Fund				94.13
Total				23,548.50

Out of 22 projects under cluster 1, 21 projects have been completed and 1 project is still ongoing and under cluster two, out of 4 projects, 1 has been completed and 3 are ongoing. Similarly, under cluster 3, out of 16 projects, 4 have been completed and 12 are ongoing. Likewise, under cluster 4, out of 23 projects, 18 have been completed and 5 are ongoing. Due to slow implementation, most of the projects were extended a couple of times and some still need extensions to carry out remaining activities. Lack of leadership, commitment, internal and external coordination and human resources were noted as key delayers in project implementation. Frequent transfer of project managers and project staffs and negligence of the contractors have also hampered the smooth implementation of some projects. NPTF has instructed all the implementing agencies, except a few ones namely NP, NDF and OPMCM to complete the projects by the end of 2015.

The progress of the projects under different implementing agencies is presented below:

The project "All Weather Access Roads and Bridges to the Cantonments" implemented by Department of Road (DoR), has been able to deliver all the outputs except the construction of Chingad bridge, which has taken much longer than expected and is still incomplete. The DoR states that this delay was due to the contractor's inability to get the truss delivered on time and failure of the management to take action against the defaulting contractor and supplier.

The project "Rehabilitation Center at BP Koirala Institute of Health Science" under DUDBC/BP Koirala Institute of Health Sciences (BPKIHS), Dharan has been able to deliver some of the outputs. DUDBC is mainly responsible for the construction of rehabilitation center and remaining activities are to be carried out by BPKIHS. DUDBC has completed 90% of building works, and BPKIHS has trained some of the human resources necessary to carry out services to disabled people. The problems faced during the implementation were unavailability of construction materials and petroleum products. The project "Rehabilitation Services for Conflict Affected Disabled People in Nepal" implemented by National Disabled Fund (NDF) has been progressing well and been able to provide services to conflict affected people with disabilities (CAPwD). The main problem observed was limited service delivery to the CADP in the remote areas.

The project under MoPR "Support to Mine Action" has been able to deliver most of the outputs but the progress of output two has been very slow. The project has been extended several times. Frequent transfer of personnel, low capacity of the Unit (Conflict Management Division) and weak coordination among concerned parties were the problems faced in the implementation. Similarly, the projects "1.Targeted Assistance for Conflict Affected Disabled 2. Women Ex-Combatants Requiring Special Support" "Strengthening Local Peace Committees", "Peace Campaign for Solidarity and Unity" under MoPR are not progressing well and will be reformulated or closed. Likewise, the project "NAP 1325 and 1820: Promoting Ownership for Women's Empowerment and Recovery" under MoPR, capacity enhancement of key line ministries and other relevant agencies for improved implementation of NAP also not progressing well because of lack of trained human resources to carry out project activities and lack of priority given by the implementing agency.

The projects implemented by Nepal Police (NP) "Police Unit Reconstruction- second phase", "Police Unit Reconstruction - third phase" are progressing well and will be completed by the end of this year. Delay was noted because of remoteness of some project sites, lack of trained manpower for construction work and negligence on the part of contractors. Similarly, the project "Police Unit Reconstruction Project for Effective Service Delivery and Improve Capabilities of the Police Phase I" is moving ahead. Likewise, under the project "Capacity Enhancement of NP to Contribute to Peace Process Effectively" most of the activities have already been completed except the construction of one women barrack.

The project "NAP 1325 and 1820: Prevention, Protection and Recovery Programme" being implemented by Ministry of Home Affairs (MoHA), has delivered most of the outputs it planned. The project is carrying out its activities well. The problems noted were lack of coordination among different divisions, delay in work by contractor and lack of trained manpower for carrying out construction activities.

Ministry of Law, Justice, Constituent Assembly and Parliamentary Affairs (MoLJCAPA) is also lagging behind in implementation of 'Enhancing Access to Justice for Women, Girls and Conflict Affected Peoples". Only a few activities were carried out in this reporting period. Time consuming procurement process for goods and services have hampered the progress of the project. The ministry has planned to accelerate the remaining activities.

The progress of the project "Empowering Conflict Affected Women and Girls through Literacy and Livelihood skills" under Ministry of Education (MoE), is also slow. A few activities were carried out during this period such as management training for CLC members, training for selected CAWs and Gs etc. The problems noted were delay in conducting project activities because all the employees of NFEC were mobilised to participate in Literate Nepal Mission (LINEM) campaign activities and tender for procurement of the support materials could not be initiated in time.

The project "Promoting Women's Participation in Peace Building Process and Economic Opportunities" under Ministry of Defence (MoD) is also suffering from weak implementation. Activities related to output one are ongoing but activities related to output two have not been started yet, as a result extension is requested. The problem identified were transfer of project manager and not having financial authority to expend allocated budget.

The project "Promoting Equal Participation of Women and Girls in Peace building Process" under National Women Commission carried out activities according to the plan. The project is progressing well. The project faced difficulties in identifying participants from political parties and lack of internal coordination.

The project 'Strengthening the Capacity and Mechanisms of Relevant State Institutions to Implement Human Rights Plan and Policies in Nepal' under the Office of Prime Minister and Council of Ministers (OPMCM) was able to carry out different activities during this period. Some activities moved ahead as planned and some are still lagging behind. Lack of human resources to manage the project activities on timely manner has been major problem identified. Fund utilization is low as most activities are carried out through in-house capacities, requiring no project budget.

Two projects implemented by PFS "Institutional and Organizational Support to NPTF" and "Operational Budget of Peace Fund Secretariat" were helpful for smooth functioning of the secretariat. Budgetary part of the former project was streamlined for effective implementation. The project "Operational Budget of Peace Fund Secretariat" completed in this reporting period.

The progress of the project "Peace building for Reconciliation, Co-existence and Socioeconomic Reconstruction through Television Campaign" implemented by Nepal Television, did not carry out any activity during this period. The project "Peace Promotion through Radio" implemented by Radio Nepal, was able to carry out activities as planned for the period. As the peace scenario has changed, and there are problems in implementation and management in both projects, NPTF is considering requesting the closure of both projects.

## Progress at the fund level

The 38th meeting of the Technical Committee was held on 10<sup>th</sup> December 2014 to discuss the Nepal Peace Trust Fund Strategy 2014-17, Joint Financing Arrangement (JFA), proposed second amendment of Peace Fund (Operation) Regulations, and the project "Provision of Psychosocial Counselling and Support Services to Conflict Affected Persons in Nepal". These documents were approved for presenting to the NPTF Board.

NPTF Government-Donor Group meeting was held on 12<sup>th</sup> December 2014 to discuss on the status of the (a) Progress since last GoN DG (b) NPTF Projects and (c) UNPFN. Other agenda of the meeting were agreements on the NPTF Strategy, JFA and PFOR; NPTF Programme Preparation process and NPTF funding status with details of expenditure and balance in FCA account and update on existing donor commitments.

CAPs conference was organized on 5<sup>th</sup> December 2014. Similarly Focus Group Discussions on LPC was held to obtain deeper and experience-based understanding of issues related to LPC. The CDU has organized a retreat programme to finalize MoPR strategy, an induction programme on "Me, MoPR and Peace Process for new MoPR and PFS staffs, a workshop to finalize the draft of "Peace Sensitive Development Policy" of MoPR. A GESI orientation was conducted for the MoPR Officials in this period. Two training/workshops were organised for capacity enhancement of implementing agencies on reporting.

#### **Financial Status**

#### Overall financial position

NPTF fund balances are lying at 4 different accounts, viz., i) FCA Pool Account (in Euro), ii) Individual Donor Account (in NPR), iii) PFS Non-freeze Account (in NPR, balance returned by IAs) and iv) GoN Red Book allocations.

After withdrawal of Euro 67,119.74 (NPR8,296,000) from FCA Pool Account related to Operational Support to PFS (stop gap project) during the period and committed funds to be withdrawn (NPR1,321,851,119 for ECN project and for effective service delivery component software part of new Nepal Police project), the net available funds in Donors' account as at 14 March 2015 will be NPR728,168,932. Final contribution of Euro 4.5 million (equivalent to NPR478,575,000) has been received from EC in the FCA Pool Account on 7 May 2015.

There is no transfer of funds to Implementing Agencies during the reporting period and hence GoN allocation of NPR350,000,000 is also available for NPTF project financing this year.

Regarding the earmarked fund for CA Elections, out of NPR3.08 billion committed by and received from donors for CA elections, ECN spent NPR3.06 billion on Next Constituent Assembly Elections (NCAE) Project as per audited report received from OAG, without any quantification of ineligibility.

#### Public Financial Management (PFM)

On PFM, PFS has been able to realize few milestones during this period, continuously strengthening the prevalent systems and processes. The Financial Management Improvement Plan (FMIP) has now been formally approved by the Secretary of MoPR on 13 April 2015. Audit of the project account for 2013/14 (2070/71) has been completed and audit report from Office of the Auditor General (OAG) has been received on 15 April 2015. PFS conducted financial monitoring visits to project offices of 3 implementing agencies (IAs). PFS also organized capacity development trainings on financial management and reporting for all IAs' staff in Kathmandu and 2 outside locations. The reporting software was updated in Nepali version and the updated version was installed in all IAs, including Nepal Police district offices. PFS also included procurement management and preparation of Audit Follow-up Action Plans for OAG issues in the trainings and also provided sample FMIPs based on IAs' audit observations on NPTF project implementation to encourage IAs to prepare their own FMIP for strengthening their overall control system.

## 2. Introduction

Nepal Peace Trust Fund (NPTF) was established in January 2007 as an internationally unique mechanism, led and owned by the Government of Nepal (GoN) to support the implementation of the Comprehensive Peace Accord (CPA). It has been the principal body to coordinate between the Government of Nepal and donor agencies for addressing the necessities of post-conflict peace-building. NPTFs first phase started in 2007 January and completed in 2010. It is currently completing its second phase where most projects will be closed by the end of 2015, and it has in parallel initiated its third phase since October 2014, when the main outlines of the new NPTF strategy was agreed.

NPTF/PFS prepares four monthly reports and annual report at the end of the year in lieu of four monthly reports, in line with the provisions stipulated in the NPTF Strategy and Joint Financing Arrangement (JFA). This report covering the period between 17 November 2014 and 14 March 2015 is submitted to the government and donor groups and shared with all relevant stakeholders.

Progress reported on NPTF I and II projects in this report is based on the four monthly progress of the projects submitted by the different implementing agencies of NPTF under four clusters namely: 1: Cantonment Management and Integration/Rehabilitation of Combatants, 2: Conflict Affected Persons and Communities, 3: Security and Transitional Justice and 4: CA and Peace Building Initiatives at National and Local Levels. The reconstruction of physical infrastructure destroyed during conflict is a crosscutting theme. Since the establishment of NPTF in 2007, the fund has financed a total of 65 projects, as of 14 March 2015. Of these, 44 projects have been completed and 21 projects are ongoing.

The NPTF III (October 2014 – July 2017) Strategy has recently been approved by the NPTF board. The progress reported here on NPTF III primarily relates to analytical work and preparation of programmes which have been managed by NPTF, so the reporting is based on internal records.

New reporting formats have been developed for four monthly and annual progress reporting. This reporting is based on new formats and focuses mainly on activities carried out and outputs delivered during this reporting period, while information related to past and closed projects is kept to a minimum.

## 3. NPTF 3<sup>rd</sup> Phase

The development of NPTF phase 3 has been under way for over a year and was in general finalized in September last year. Since then the new JFA and the new PFOR were finalized and a few minor changes were done in the strategy.

The mandate of the NPTF remains the same – financing of CPA related activities and monitoring and coordination of the peace process, but with the specification that related to monitoring and coordination the main mandate lies with MoPR while the NPTF/PFS has a supporting role.

Related to the future programme, the strategy has adopted a programme-based approach to focus on key areas and unfinished businesses of the peace process. Future programming will, as far as possible, support consolidated programmes and will avoid scattering resources across too many small projects. The focus would be on either completing the necessary support in a given area by filling the gaps or channelling activities that cannot be completed within the mandate period into regular government programmes.

The programme will have four clusters namely, 1) Conflict Affected People; 2) Transitional Justice and Reconciliation; 3) Access to Security; and 4) Political Dimensions which include CA, elections and peace building initiatives to be determined on a case-by-case basis between GoN and the donor group.

During the reporting period analytical work related to past, present and possible future support to CAPs was completed and a proposal for a broad CAP support programme for NPTF III developed and agreed in the core cluster. The programme includes 6 pipeline projects:

- A livelihood project
- A psycho social counselling project
- A project to support conflict affected woman, especially survivors of SGBV
- A project to support children affected by armed conflict (CAAC)
- A project to support disabled (continuation of ongoing support)
- A project to support community integration (to be implemented together with the LPC project)

Similarly, the programme document for cluster 4 - Political Dimension – including the thematic areas elections, local peace initiatives and consultation of the constitution – was developed and agreed to. The ECN elaborated an extended concept note on future support to the election processes. The PFS undertook a review of expediencies of the LPC and of past support. Finally initial contacts were made with the CA secretariat to define a future programme.

Initially it was foreseen that there would be only one project for each of the thematic areas, i.e. three projects under this cluster. In case of Local and/or state elections take place in NPTFs operation period, specific projects would be designed and implemented for these elections.

No considerations have yet been made concerning new projects under cluster 3 access to security, however it should be noted that the ongoing, last PU reconstruction projects probably will extend into NPTF III.

As for Cluster 2 (Access to Justice and Reconciliation), it has been agreed to have a consultative workshop with key stakeholders on TJ and to develop a way forward for a viable NPTF programme for this area.

The NPTF will seek to improve delivery of results through stronger relations with IAs in the design and delivery of projects within the agreed programmes. Technical support will be made available to improve programme and project planning (based on evidence), drafting proposals, implementation, GESI integration, M&E, communications and NPTF project financial management and reporting. The project implementing agreements between NPTF and IAs will include additional measures to improve financial management and control.

The reporting by IAs is expected to improve in future since the disbursements of funds are conditional to fulfilling reporting requirements as outlined in implementation agreements as per new JFA. Monitoring formats close to those of the GoN will be adopted, and training will be provided to IAs on reporting and use of progress reporting in management. The four monthly reports will only cover activities and outputs/milestones. The progress reports from the IAs will be improved and used directly in the NPTF four monthly progress reports instead of rewriting them, as before. The four monthly monitoring reports will avoid repetition of general information and concentrate on analysis of progress in activities and outputs of the given trimester.

## 4. NPTF 1<sup>st</sup> & 2<sup>nd</sup> Phase

Since the establishment of NPTF in 2007, it has financed a total of 65 projects, as of 14 March 2015. Of which, 44 projects have been completed and 21 projects are ongoing. This report outlines the four monthly progress of NPTF phase I and II from 17 November 2014 to 14 March 2015.

Name of the Cluster	Projects	Projects	Total	Approved	l budget
	completed	ongoing	Projects	(in mn	NPR)
1. Cantonment Management, Integration/	21	1	22	5,539.87	23.62%
Rehabilitation of Combatants					
2.Conflict Affected Persons and	1	3	4	1,064.83	4.54%
Communities					
3. Security and Transitional Justice	4	12	16	4,686.17	19.98%
4. Constituent Assembly, Elections and	18	5	23	12,163.50	51.86%
Peace Building Initiatives at National and					
Local Levels					
Sub-total	44	21	65	23,454.37	100.00%
<b>Technical Cooperation Pool Fund</b>				94.13	
Total				23,548.50	

#### Table 1: Status of NPTF phase I and II approved projects by Cluster

The progresses of individual projects within these four clusters have been highlighted below.

## 4.1 Cluster 1: Cantonment Management and Rehabilitation of Combatants

Under this cluster, 22 projects have been financed till March 2015, of which 21 projects have been completed and 1 project is still ongoing.

Code & Title of the Project	IAs	Start Date	Original completion date	Extended Completion Date	Total Release in NPR million	Total Expenditure	Balance
1/18 All Weather Access Roads and Bridges to the Cantonments	DOR	Dec. 2009	December 2010	Extension Needed. No formal request from DOR	721.48	698.19	23.29

Table 2: Status of NPTF ongoing projects in Cluster 1

The remaining ongoing project under this cluster is "All Weather Access Roads and Bridges to the Cantonments" implemented by Department of Road (DoR). This project was started in 2009 with original completion date of 2010. Nearly all activities were completed however due to weak management on one component the project has still not been completed fully. Delay was noted because of a contractor's inability to deliver truss in time on the one hand and management weakness at local and central level to take action against the contractor in time on the other. After follow up by NPTF the Road department is now taking action. The project will be followed closely and an onsite visit by PFS is planned within the next month.

## 4.2 Cluster 2: Conflict Affected Persons and Communities

A total of 4 projects have been financed by NPTF under this cluster till this reporting period. Current progress shows that 1 project has been completed and 3 are ongoing.

The detailed information about the projects under this cluster is presented on the table below.

#### Table 3: Status of NPTF ongoing Projects in Cluster 2

Code & Title of Project	IAs	Start Date	Original completio n date	Extended completion date	Total Release in NPR million	Total Expenditure	Balance
2/02 Rehabilitation Center at BP Koirala Institute of Health Science	DUDBC /BPKIH S	April 2011	June, 2013	July 2015	98.00	83.91	14.09
2/03 Rehabilitation Services for Conflict Affected Disabled People	NDF	Sept. 2011	July, 2013	February 2016	52.22	10.66	41.57
<ul> <li>2/04 1. Targeted</li> <li>Assistance for</li> <li>Conflict Affected</li> <li>Disabled</li> <li>2. Women Ex-</li> <li>Combatants</li> <li>Requiring Special</li> <li>Support</li> </ul>	MoPR	May 1, 2012	April, 2014	31 October 2014. The project is to be absorbed with the new projects for CAPs.	542.09	3.00	539.09

The project "Rehabilitation Center at BP Koirala Institute of Health Science" implemented by DUDBC/BP Koirala Institute of Health Sciences (BPKIHS), Dharan was initiated in 2011 with original completion date of 2013. The project was extended up to July 2015. The project has now been able to complete 90% of the construction work of the rehabilitation centre being constructed by Department of Urban Development and Building Construction in the premises of BPKIHS. Final finishing touch for painting works and interlock pavement, landscaping works are simultaneously going on. 92% of the proposed rehabilitation/medical equipment and consumables are available till date. 4 orthopaedic surgeons, 2 physiotherapists and 1 Orthotics/Prosthetics have already completed the planned training. Outreach and training guidelines for general rehabilitation have been prepared. All screening and awareness camps will start prior to handover of RC building. However, the project is facing operational problem as there is no provision for operational cost. It is planned within the next month to undertake an onsite visit and to see how the remaining funding can be used effectively, how the project can be made cooperate with the NDF project which addresses the same issues, have the required expertise and outreach network to reach beneficiaries and if there is need for additional funding to complete pending activities.

The project "Rehabilitation Services for Conflict Affected Disabled People" implemented by National Disabled Fund (NDF) started in 2011 with the original completion date of 2013. The project was modified and new implementation approaches proposed to reach the beneficiaries and extended up to Feb. 2016. Despite some delays the project has been able to provide services like prostheses and orthoses and physiotherapy sessions to conflict affected people with disabilities. Besides, mobile camps, door to door mobilization and district level stakeholders meetings were carried out to find out targeted group through collaborating partners in five development regions. The problems noted in the implementation were service delivery to the CADP in remote areas. Due to weak physical condition it is difficult for the beneficiaries to come for the physical rehabilitation services. In some cases, either ambulance or separate disabled friendly vehicles are required. Another problem is production of the devices as there are no separate rehabilitation services to both CADP & Non-CADP. So, it takes time to deliver the devices.

The project "Targeted Assistance for Conflict Affected Disabled and Women Ex-Combatants Requiring Special Support", under MoPR approved in 2012 has hardly been implemented due to lack of

implementation capacity in MoPR. With the approval of new guidelines for CAP support it will now be possible to agree if parts of the project can be reactivated and others phased out and management capacity put in place in MoPR to secure that the project will be implemented once reviewed. Coherence with the new guidelines for CAP support will be secured if the project is reviewed and continued.

## 4.3 Cluster 3: Security and Transitional Justice

NPTF has financed 16 projects under this cluster. Out of which 4 projects have been completed and 12 are ongoing.

The detailed information about the ongoing projects under this cluster is presented on the table below:

Table 4: Status of NCode &	IAs	Start	Original	Extended	Total	Total	Balance
Title of Project		Date	completion date	completio n date	Release in NPR million	Expenditure	
3/02 Support to Mine Action	MoPR	June 10	July, 2011	14 March 2015 (extension requested)	22.06	20.79	1.27
3/03 Reconstruction of Police Units Phase II	NP	Sept. 2011	March, 2013	13 April 2015	1157.34	1075.49	81.85
3/04 NAP 1325 and 1820: Promoting Ownership for Women's Empowerment and Recovery	MoPR	July 8, 2012	July 7, 2014	July 7, 2015	37.68	15.25	22.43

Capabilities of the							
Police Phase I							

The project implemented by Nepal Police (NP) "Police Unit Reconstruction Project - second phase" was able to deliver the outputs as planned. The planned target for this period was to complete construction of 3 police units which has happened in this period. So far, under this project out of 93 units, 90 units have been completed and reconstruction of 3 units is still ongoing.

For the project "Police Unit Reconstruction Project – phase III", the target for the period was to finish reconstruction of 20 PUs, but only 14 PUs were completed during this period. So far, out of 90 units, 52

units have been completed and reconstruction of the remaining units is ongoing. Delay in completion of work is due to remoteness, lack of trained manpower, particularly trained labours in the remote areas and in most cases negligence on the part of contractors. It is expected that all units will be completed by the end of 2015.

The project "Police Unit Reconstruction Project for Effective Service Delivery and Improve Capabilities of the Police Phase I" (virtually phase IV of the PU reconstruction projects but with some added features related to service delivery). The project completed foundation work in 40 units and tender notice for construction has been published for the third time for the remaining three projects and baseline survey has already been started in selected units.

The project "Strengthening Mine Action Activities" under MoPR was started in 2010 with original completion date of 2011. The project was able to produce most of the outputs except data collection on mine victims, up to date with extension of the project several times. The project has been able to clear all 53 land mine sites. Similarly, National Mine Action Strategy and National Technical Standards and Guidelines for mines have been approved and implemented. The project will close during 2015. The problem observed were frequent transfer of personnel, unavailability of MRE materials, low capacity of the implementation unit and weak coordination among concerned parties.

Out of 10 projects on implementation of National Action Plan on UNSCRs 1325 and 1820, 3 have been completed and 7 are ongoing.

Ministry of Peace and Reconstruction (MoPR), started the project "Promoting Ownership for Women's Empowerment and Recovery Programme" in 2012 with original completion date of 2014 but extended up to July 2015 because of continued work on NAP coordination and slow use of funds under the project. Only one coordination committee meeting was held during this period. This project is responsible for better coordination among agencies implementing NAP projects but failed to organise coordination meetings on regular basis as a result, horizontal coordination is lacking at the central level. The problem observed in the implementation was limited human resources and lack of coordination. NPTF will follow up with the concerned MoPR department to resolve the problems or close the project.

Through the project "Prevention, Protection and Recovery Programme" being implemented by Ministry of Home Affairs (MoHA), most of the outputs have already been delivered. The project has invested on the much needed capacity enhancement of the staff of district administration office, Nepal Police and Armed Police Force on women and conflict. The ministry carried out some activities in this reporting period. Construction of separate women detention centre in Nakkhu Jail and a three-month skill development training to 320 women prisoners completed during this period. Similarly, 3 training programmes on gender sensitivity for the officials of MoHA, NP and APF and 2 workshops on SGBV for DAO were conducted during this period and construction of solar and bio-gas plants in women and other prisons are ongoing. The problems noted in project implementation were lack of coordination among different divisions, delay in work by contractor and lack of trained manpower. To solve the problems, a coordination mechanism has been established, experience sharing mechanism has been put in place and frequent meetings with project staffs and constructor initiated.

The project "Enhancing Access to Justice for Women, Girls and Conflict Affected Peoples" under the Ministry of Law, Justice, Constituent Assembly and Parliamentary Affairs (MoLJCAPA) carried out three orientation workshops for civil society, media and women organisations on UNSCRs 1325 & 1820 and 4 orientation programmes to legal officers, prosecutors and officers from quasi-Judicial bodies on the contents of UNSCRs 1325 & 1820. The project is suffering from weak implementation and not moving ahead as planned. The original start and completion dates of the project were July 2012 and July 2013 respectively. The project was extended up to July 2015. The main problem noted in project implementation was lengthy and time consuming activities (such as, study and equipment procurement

process). The ministry has planned to expedite remaining activities to deliver the expected outputs. Some of the activities under the project such as support to CAPs/victims via the legal aid system in preparing their cases could potentially be part of the continuation of the support to CAPs/NAP under the new transitional justice programme.

Under the Capacity Enhancement of NP to Contribute to Peace Process Effectively, all the activities have been completed except finalization of construction of one women barrack. During this reporting period construction of two women barracks was completed. Massive sensitization programmes had already been conducted through various media to encourage women to join Nepal Police. Six hundred Police personnel were trained on SGBV and NAP 1325 &1820. No specific problem was observed during implementation except being delayed by the contractor.

The project "Empowering Conflict Affected Women and Girls through Literacy and Livelihood skills" under Ministry of Education (MoE) was able to carry out a few activities during this reporting period. 130 selected CAWs & Gs were trained to tie them up with the CLCs so that they can support the neo literate and CAWs &Gs in livelihood training and IG activities and provide management training to 300 CLC management committee members for enhancing the effectiveness of the programme implementation (on need assessment, profile development, livelihood promotion groups (LPGs) mobilization etc. The problem noted were that the project activities could not be executed as planned because all the NFEC employees were mobilized to initiate Literate Nepal Mission (LINEM) campaign activities as the GoN declared F.Y. 2071/72 as the Illiteracy Eradication Year. Employees hesitated to take financial responsibilities such as taking funds in advance to carry out programmes in districts and centre and the tender process for the procurement of the materials for CLCs could not be initiated on time. To solve the problems, NFEC tried to execute NPTF funded programmes attaching them with other Literate Nepal Mission (LINEM) activities e.g., district level orientations in Kailali, Nuwakot, Banke and Udayapur districts carried out from the same team deputed for LINEM orientation in these and nearby districts.

The project "Promoting Women's Participation in Peace Building Process and Economic Opportunities" under the Ministry of Defence (MoD) has carried out activities related to output one during this period. 61 female and 149 male army personnel were trained on UNSCRs 1325 and 1820. Similarly, 10 female and 62 male civil personnel were trained on UNSCRs 1325 & 1820. Construction of women friendly accommodation and child care centers are ongoing. But activities of output two related to improved economic opportunities for the widows and families of army personnel and others who lost their lives or affected during the armed conflict still have not started and the completion date of the project is July 2015. The remaining activities of the project could not be continued simply because of transfer of the project manager, as the newly appointed manager was not given authority to spend project resources. As financial powers need to be delegated by the secretary as per the financial laws, and position of secretary at Mod was vacant for a long time, the delegation of financial authority to the project manager was not possible. The project would not be able to deliver all the outputs in the given time frame. It will be closed in 2015.

The project "Promoting Equal Participation of Women and Girls in Peace-building", implemented by National Women's Commission (NWC) has after initial delays made good progress in this reporting period. Forty-nine key government officials were trained on UNSCRs 1325 & 1820, 124 government officials, key representatives of political parties, LPC, DDC and civil society were sensitised about UNSCRs 1325 and 1820 and the action plan. Three FGDs were held to review the Public Service Commission (PSC) Act and regulations to identify gaps and challenges for low participation of women in the civil service and 34 NWC staff and members' capacity enhanced on international human rights instruments and reporting mechanism. The problems faced during implementation were difficulties in identifying participants from political parties, different level of understanding between district focal person and centre office. Most of the district focal persons faced problem while identifying DCC, new

board changed in Public Service Commission and lack of internal coordination. The steps taken to resolve the problems were limited the number of participants from political parties from each district, made focal persons aware of the criteria for selecting participants from political parties, and initiated discussion with new PSC members and made NWC staffs and members internalized the project through various staff trainings and internal dialogue. The project will be closed in 2015.

The project "Strengthening the Capacity and Mechanisms of Relevant State Institutions to Implement Human Rights Plan and Policies in Nepal" implemented by Office of Prime Minister and Council of Ministers (OPMCM) has submitted a number of Bills to the Legislature Parliament for consideration including a Bill on Civil Code, 2014, a Bill on Civil Procedure Code, 2014, a Bill on Penal Code, 2014, a Bill on Criminal Procedure Code, 2014, a Bill on Sentencing Legislation, 2014. A Bill to criminalize all forms of torture, inhumane and degrading treatment and punishment has also been submitted to the Legislature Parliament on 21 November 2014.

One meeting on NHRAP implementation with participation of implementing agencies, two meetings with representatives from the government, academicians, civil society to provide input for the better promotion of human rights in selected areas including security, justice, gender and social-economic rights were held during this period. Similarly, NHRAP was translated into English and uploaded in OPMCM webpage, 2 workshops were organized in Saptari and Udayapur districts for NHRAP dissemination and 3 meetings organized (1 on CRC and CEDAW, 1 on CERD and 1 on CAT)). Human rights reporting capacity assessment of OPMCM was accomplished, 1 workshop on anti-caste based discrimination and untouchability was held during this reporting period. The main problem identified is lack of human resources to manage the project activities on a timely manner. To resolve the problem, an external Human Rights Project Officer has been deputed in the team since February 2014 through the support of NPTF TC Pool.

The budget utilization of this project is very low as most activities are mainly undertaken by OPMCM line function staff. The project will be reviewed by NPTF over the coming two months to decide with the implementing agency on what changes are to be made to activities and budget.

# 4.4 Cluster 4: CA and Peace Building Initiatives at National and Local Levels

Twenty-three projects have been funded within this cluster, of which 18 are completed and 5 are ongoing. The detailed information about the projects under this cluster is presented on the table below:

Code & Title of Project	IAs	Start Date	Original completion date	Extended completion Date	Total budget in NPR million	Expenditure	Balance
4/11 Institutional and Organizational Support to NPTF	PFS	Dec. 1, 2009	November, 2011	July 2015	29.20	17.52	11.68
4/12 Strengthening Local Peace Committees	MoPR	June 2011	July, 2013	July 2015	131.56	21.96	109.60

budget of Peace		2014	2014	(completed)			
Fund Secretariat							

Through "Strengthening Local Peace Committee" project under MoPR, only one training programme was conducted to the members of LPC during the period. In general, this project has not been implemented and substantial funding remains unused in the project. The problems noted during the implementation were lack of sufficient human resources - consultants and required staff in MoPR to manage the project. The project will be reviewed and required management capacity will be put into MoPR to secure implementation. This project will continue into NPTF III as a support for community integration and coordination of support to CAPs.

The two projects implemented by PFS "Institutional and Organizational Support to NPTF", and "Operational Budget of Peace Fund Secretariat" were helpful for smooth functioning of the Secretariat and build its capacities. Budgetary part of the former project was streamlined for effective implementation. The project so far supported capacity enhancement of MoPR/NPTF officials and training on monitoring and evaluation was organised two times. Besides, operational manual of NPTF and monitoring formats and manuals were prepared. Refurbishment of the office, purchase of necessary equipment and furniture were carried out. It also supported internal monitoring and establishment of resource centre in the PFS. The remaining fund will be utilized in 2015. The later project completed during this reporting period.

The project "Peace Campaign for Solidarity and Unity" implemented by MoPR has not been implemented at all. MoPR/NPTF is planning to adjust the activities and speed up the process of implementation of the project. Some activities will not be implemented as they are obsolete now. The project will be closed in 2015.

The progress of the project 'Peace building for Reconciliation, Co-existence and Socioeconomic Reconstruction through Television Campaign' implemented by Nepal Television, did not carry out any activities during this reporting period. A few programmes such as Tele-musical Odyssey and Cross Cultural Tele-dialogue could not take place because of lack of coordination between administrative and technical sections within Nepal Television. Technical and administrative problems are being sorted out to resolve the problems. Extension of time frame has been requested from NTV, however NPTF has asked NTV to close the project.

The project "Peace Promotion through Radio" implemented by Radio Nepal, moved ahead according to the plan for the period. Radio Nepal aired programmes related to peace debate, peace reporting, and

peace drama and talk programmes during this reporting period. Issues were raised about the financial management of the project, and NPTF has asked RN to close the project.

## 5. NPTF Finances

The table presented below represents the cluster-wise NPTF Financial Progress for the corresponding projects (as of 14 March 2015):

Table 6: Cluste	er-wise Programme	e Financial	Progress	Report	Covering	the	period	from	17
November 2014	to 14 March 2015 (F	igures in Mi	illion (NP	R)

#### **Financial Position**

NPTF fund balances are lying at 4 different accounts, viz., i) FCA Pool Account (in Euro), ii) Individual Donor Account (in NPR), iii) PFS Non-freeze Account (in NPR balance returned by IAs) and iv) GoN Red book allocation.

NPR1,321,851,119 is yet to be withdrawn from FCA Pool Account for ECN NCAE project and for new Nepal Police project for effective service delivery component. GoN red book allocation for 2014/15 is NPR350 million. Final tranche of Euro 4.5 million has been received from EC in the FCA Pool Account on 7 May 2015.

The overall donors' fund position as at 14 March 2015 is provided in Table 7 below.

#### Table 7: The overall donor's fund position as at 14 March 2015:

SN	Account Name	FCA	NPR
1	FCA Pool Account, Euro	18,561,154	1,973,978,758
2	Donor Individual Account		28,265,000

3	PFS Non-freeze Account		47,776,293
	Sub-total (a)		2,050,020,051
5	Less: Committed funds (b)		1,321,851,119
6	Net uncommitted funds (c)=(a-b)		728,168,932
7	Final tranche received from EC on 7 May 2015, Euro (d)	4,500,000	478,575,000
8	Total donor's available fund balance (c+d)		1,206,743,932

#### Elections funding status

The status of earmarked funds for NCAE project implemented by ECN as at 14 March 2015 is given in Table 8 below.

# Table 8: The status of earmarked funds for NCAE project implemented by ECN as at 14 March 2015

SN	Donors	Committed and	Actual Expenses	
		FCA	NPR	NPR
1	SWISS	CHF 4.5 million	451,068,588	459,344,811
2	DFID	GBP 7.5 million	1,143,784,794	1,160,412,707
3	EU	EURO 4.5 million	602,325,000	571,537,652
4	FIN	EURO2.5 million	300,631,600	317,501,485
5	DEN	DKK 10 million	180,523,770	170,341,971
6	NOR	NOK 20 million	410,477,228	383,903,111
	Total		3,088,810,981	3,063,041,736

NPR1,819,532,397 has already been released to ECN from FCA account and NPR1,243,509,339 is remained to be withdrawn from FCA Pool Account, as per OAG Audit Report for 2013/14.

Similarly for the ONCAE project, out of the NPR3 billion disbursed from GoN sources, ECN has spent only NPR1.2 billion and NPR1.8 billion to be refunded and deposited into central treasury as per audited report received from OAG. The PFS has already asked ECN to return the unspent balances.

#### Cash flow projection

The table below shows how NPTF is forecasting its cash flow during the extended time frame:

# Table 9: Projected Cash Flow Balance for extended period of NPTF (estimated as of 14 March 2015)

F	igures in Millions
Particulars	Amount NPR
Donor Group Fund Balance (a)*	1,260
GoN Budget for 2014/15 to 2016/17 (b)	700
Refund expected from ongoing slow projects**	500
Total Fund Available (c)=(a)+(b)	2,460
PFS Operating Budget for 2 years (d)	30
Estimated Expenses for Pipeline projects under approved programmes Cluster	1,800
1&4 approx. (see relevant programmes approved by Board in April 2015)	1,000
Total Projected Outflows (f)= (d)+(e)	1,830
Projected Balance of Fund in NPTF as at 14 March 2015 (g)=(c)-(f)	603

\*USAID has agreed in principle to contribute in NPTF but no amount is fixed and hence is not included

\*\* Balance unspent by slow moving projects implemented by MoPR to be recovered and used for new projects or with revision in activities

\*\*\*Amount for projects under the programmatic approach is yet to be fixed.

### 6. Progress at Fund Level

The following meetings were held during this reporting period for co-ordination and discussion on various crucial subjects with the donors and the Implementing Agencies respectively.

#### 6.1 Technical Committee meeting (38<sup>th</sup>)

The 38th meeting of the Technical Committee was held on 10<sup>th</sup> December 2014. The meeting discussed aspect of the Nepal Peace Trust Fund Strategy 2014-17. Presentation on Joint Financing Arrangement (JFA) and proposed second amendment of Peace Fund (Operation) Regulations, was made to the members of the Committee. MoPR project "Provision of Psychosocial Counselling and Support Services to Conflict Affected Persons in Nepal" was also presented for approval. Both the documents were approved for presenting to the NPTF Board.

#### 6.2 Sectoral Cluster meeting

The Sectoral Cluster 2: Conflict Affected Persons and Communities, meeting was held on 9th December 2014. The meeting discussed MoPR project "Provision of Psychosocial Counselling and Support Services to Conflict Affected Persons in Nepal". The project duration was aimed for January 2015 till December 2017 with a budget of USD 3,604,024.82 (NPR 345,986,382.00). It aimed to cover ten districts in the five regions of the country. The project outputs and activities were also discussed in brief along with proposed mechanism for monitoring and reporting and financial management. The meeting proposed suggestions and comments for incorporating into the document.

#### 6.3 GoN DG meeting

NPTF Government-Donor Group meeting was held on 12<sup>th</sup> December 2014. Short briefings on the status of the (a) Progress since last GoN DG (b) NPTF Projects and (c) UNPFN were presented. Other agenda of the meeting included agreements on the NPTF Strategy, JFA and PFOR; NPTF programme preparation process; and NPTF funding status with details presented on balance in FCA account and update on existing donor pledges.

#### 6.4 Meeting with Implementing Agencies

Meetings with NTV and Ministry of Women, Children and Social Welfare were held during the reporting period. The meeting with NTV focused on update and activities of their project. Meeting with MoWCSW focused on their project activity status and due end date of the project and future prospect.

#### 6.5 CAPs conference and Focus Group Discussions on LPC

Following Focus Group Discussions on Conflict Affected Persons (CAPs) that were organized in the last reporting period, a CAPs conference was organized on 5<sup>th</sup> December 2014. Similarly, Focus Group Discussion on LPC was held to obtain deeper and experience-based understanding of issues related to LPC including feedback on support being provided, lessons learnt and gaps. The feedback and recommendations will serve as inputs for designing programme for support to LPCs.

#### 6.6 Training/workshop for capacity enhancement of IAs

Two training/workshops were organised for the implementing agencies to enhance their capacity with special focus on reporting and communication. One training/workshop was organised on 30 November – 1 December 2014 on monitoring, reporting and communication. A central level workshop was held on 15 March 2015 with special focus on new formats for reporting.

#### 6.7 Communications

A half-day workshop on communicating effectively and interacting with media was organised on 9<sup>th</sup> January 2015 for the officials of Ministry of Peace and Reconstruction (MoPR), NPTF and Implementing Agencies (IAs). Newsletters were published and distributed on regular basis.

## 7. Capacity development and TC Pool

The management of the TC pool has been simplified following the agreed format for NPTF III. Reporting is therefore only provided in this report and no separate TC pool reporting will be provided.

#### 7.1 Track 1 of the TC pool

Funds under track 1 are provided by donors and managed by the government. All activities under track 1 of the TC pool have been completed except CD activities implemented by MoPR.

During this reporting period CDU has organized a retreat programme of MoPR on 26th and 27th December 2014 to finalize MoPR strategy. An induction programme on "Me, MoPR and Peace Process" was organized on 2nd and 3rd January 2015 for new MoPR and PFS staffs. Similarly, a workshop was organized to finalize the draft of "Peace Sensitive Development Policy" of MoPR and final draft of "Peace Sensitive Development Policy" was submitted to the conflict management division of MoPR for its final approval<sup>1</sup>.

The original funding and the balance in the TC pool track 1 are shown in the table 10.a below:

SN	Particulars	Amount NPR	Remarks
	Receipts		
А	Sources		
A1	Germany	44,439,149.46	
A2	Denmark	30,000,000.00	
	Total Receipts	74,439,149.46	
	Payments		
В	Projects		
B1	Capacity enhancement and Operation Support to the PFS	33,843,932.57	
B2	Capacity Development Kick-Off and Induction Workshops	429,488.00	
B3	Establishment of Pool of Consultants	582,455.00	
B4	Communicating Nepal Peace Trust Fund's success and challenges		
		9,499.00	
В5	Implementing Capacity Development Action Plan 2012-13/phase 1	17,000,000.00	Amount disbursed to CDU
B6	CDU Operation Budget	1,285,000.00	Amount disbursed to CDU
B7	Capacity Development Training		
B8	Capacity enhancement and Operation Support to the PFS - Phase 2	- 6,288,774.89	
B9	Implementing Capacity Development Action Plan of MoPR/phase 2	15,000,000.00	Amount disbursed
107		13,000,000.00	to CDU
	Total Payments	74,439,149.46	
	Balance at PFS	0.00	

#### Table 10.a : TC Pool Status at PFS

<sup>&</sup>lt;sup>1</sup> This activity is shown here as it relates to the MoPR CD programme, however financing for this was provided by the EU TA PFS.

Table 10.b: TC Pool Status at	t Capacity Development Unit (CD	U) /MoPR
-------------------------------	---------------------------------	----------

Particulars	NPR
Disbursement to CDU	
2012/13	18,285,000.00
2013/14	15,000,000.00
Total Disbursement	33,285,000.00
Expenditure	
Exp during 2012/13	15,700,313.00
Exp during 2013/14	3,660,123.34
Exp during 2014/15 Upto Nov 16, 2014	1,761,205.00
Total Expenditure	21,121,641.34
Balance at CDU as at Nov 16, 2014	12,163,358.66

Note: The figures up to March 14, 2015 have not been received from MoPR, which will be updated once the report is received.

#### 7.2 Track 2 of the TC pool

Funds under track 2 are managed by donors for the support provided to the beneficiaries as in kind support, e.g. technical assistance.

## EU TA

Technical assistance was provided by EU in the form of the EU TA PFS project. The project financed 2 international advisors, 2 senior national advisors and 4 junior experts and an office manager. Two external consultancies were implemented during the period: 1) Support to mapping of past and ongoing CAP support and programme formulation for future CAP support; 2) review of previous LPC support and of the functioning of the LPCs. The support in the area of PFM is covered in the PFM section below. The activities of the programme are comprehensive. Details can be found in the half yearly progress report of the project which can be provided by the EU TA upon request.

## USAID TA

USAID provided support with a GESI advisor in the PFS/MoPR and a Human Rights expert for the OPMCM project financed by NPTF. Reporting on their activities can be provided on request.

A GESI orientation was conducted by the GESI advisor for the MoPR Officials during this period.

## 8. Monitoring and Evaluation

#### 8.1 Joint Monitoring Visit

Two Joint Government Donor Monitoring visits took place during this reporting period with special focus on CAP related projects supported by NPTF and UNPFN. The monitoring visit to Chitwan, Bara and Parsa were organised from 16 – 19 September 2014 and another visit to Banke and Kailali took place from 4-7 November 2014.

#### Major recommendations:

- There is a need for clarifying the role and responsibilities of DDC, LPC and other government agencies for the effective coordination and implementation of CAP programmes.
- A more comprehensive approach would be necessary to address the issues of CAP, including those of SGBV survivors in a sustainable manner. The CAP and SGBV survivors should have specific and comprehensive packages, comprising of feasible skill development training, adequate seed money to start small enterprises and psycho-social counselling for the needy ones.

- For addressing the issues of youths (boys and girls), special programme should be designed and implemented based upon their needs, interests and capacities.
- Land seizures issues need to be addressed in Kailali district. Some CAP had raised that their lands, houses and properties were illegally captured but have not been returned. They have continued to pay the taxes, although the properties have been used by others. This issue needs to be timely resolved.

A joint report on observations and recommendations from these visits were produced subsequently and the recommendations were shared with the respective implementing agencies.

## 9. Public Financial Management (PFM)

There were no specific comments from donors on progress report no. 22 covering the period 17 July to 14 Nov 2014 relating to Public Financial Management (PFM), except for improving on presentation of financial execution of the individual projects. Thus, the PFS has been steadily making progress in improving overall PFM to achieve NPTF's objectives.

#### 9.1 PFM Progress at PFS

The draft Financial Management Improvement Plan (FMIP) drafted in Oct 2013 and being implemented has now been formally approved by the Secretary, Ministry of Peace and Reconstruction.

Revision to address issues related to implementation and translation into Nepali language have been completed in the IAs reporting software developed by PFS and the revised software has been successfully installed in all central level agencies and in 85 costs centres of Nepal Police. Trainings on revised software to finance staff of Nepal Police at 2 regions (Janakpur and Butwal) and for all central level IAs staff at Kathmandu have been conducted during the period under review. Altogether 147 staff (100 during Nepal Police event and 47 in Central Level event) participated in the trainings. Training content also included overall Financial Management, Procurement Management and Resolution of Audit Observations. It is expected that the quality and efficiency of IAs financial reporting to PFS and financial and procurement management will improve in coming days.

PFS finance staff also carried out financial monitoring of few IAs at central and district levels during the period. PFS took prompt actions on the findings of the monitoring. The overall findings and action taken by PFS is provided in Annex 4 of this report.

PFS also organized a consultative meeting with the representatives from National Disabled Fund, Ministry of Defence and Nepal Television to discuss about issues related to financial and programmatic progresses.

Unaudited Project Account of 2013/14 was compiled and submitted to OAG on 8 Jan 2015 and DG on 12 Jan 2015 i.e. within provisioned deadline. The audit of few IAs by OAG got delayed and hence OAG certified project account for 2013/14 and audit report was received on 15<sup>th</sup> April 2015, with delay of a couple of days. The audit report has been issued with a qualified opinion for netting off interest incomes with project expenses in project account related to NDF, NTV, and Radio Nepal, instead of showing separately as income; for which PFS has already written to these IAs to return all the interest earned so that the same can be shown in the project account for 2014/15 as recommended by the auditor. The OAG report also mentions issues related to IAs as delay in project progress of few projects, outstanding disbursement of donors' portion, non-adherence to established norms while incurring expenditure, etc. PFS has already initiated actions to resolve these issues, as mentioned in the Audit Follow-up Action Plan, submitted along with this progress report, the status of which will be reported as a part of progress reporting.

#### 9.2 PFM Progress at IAs

Consultant hired by PFS drafted OAG audit follow-up action plan of all active IAs implementing NPTF projects and discussed about finalization of the same in the central level workshop held on 15 March 2015. PFS is continuously following up with IAs to submit the status of resolution of audit findings together with FMR on trimester basis.

OAG audit report for all the projects implemented by Elections Commission Nepal (ECN) till the end of project period, i.e. 14 Nov 2014 was received and ECN was asked to submit audit follow-up action plan to resolve the audit observations.

PFS with the help of a consultant also drafted FMIP of all active IAs based on the issues noted on OAG reports and observations made on their monitoring and quality of FMRs submitted by them and shared with IAs during central level workshop held on 15 March 2015. PFS has committed to all interested IAs to support them in making the FMIP complete and implement in their organizations.

## Annex 1: Completed Projects Funded by NPTF

Name of Completed Projects	IAS	Approved Budget till 14 March 2015, NPR	Fund Released till 14 March 2015, NPR	Accumulated Expenditure till 14 March 2015, NPR

#### Notes:

1. Fund Released till last period (column b) pertains to period ending 16 Nov 2014 as per PR#22.

2. Expenditures till last period (column e) pertains to period ending 16 Nov 2014.

3. Accordingly, fund released as well as expenditure for the period (columns c and f) pertains to period from 17 Nov 2014 till 14 Mar 2015

4. Project No: 1/01 and 1/18 of DoR could not be disaggregated, as a result, reported combinely.

5. Completed projects of ECN, DUDBC and MoH could not be disaggregated, as a result, reported combinely.

6. In ECN project no. 4/22, the expenditure of By-Election is also included as the project was approved to be funded from budget of 4/22.

7. Reports are yet to be received from MoPR projects viz. 2/04, 3/02, 3/04, 4/12 and 4/16 and NTV project no. 4/20, which will be updated in final version of this report after those are received.

8. Negative figures in ECN projects no.4/17 and 4/22 represent settlements of advances which were already booked as expenses in previous period.

Negative figures in NDF project 2/03 represent adjustment of interest earned by the project, yet to be received at PFS.

Project Number and Title:	1/18 All Weather Access Roads and Br	idges to the Cantonments							
Project Coverage Area:	Seven Main and 21 satellite camps								
Executing Agency:	Department of Roads (DoR)								
Project Manager:									
Implementing Unit	DRO: Damak, Illam, Biratnagar, Lahan, Ja	ankpur, Bharatpur, Bulwal, Dang, Su	rketh, Mahendranagar						
Data provided by(include contact details):	Mr.Bishnu Om Bade								
Project Starting Date (Approved)	December, 2009								
Project Starting Date (Actual)	December, 2009								
Project Completion Date (Approved):	December, 2010								
Last Project Revision Date, if any:	July 2015								
Project Beneficiaries:	Maoist Combatants living in the cantonments and surrounding 150 villages								
Actual Projected completion Date:	On going								
Outputs as per approved project document (logframe):	<b>Expected Output Indicator</b> (as per the approved project document - logframe)	Progress This reporting period (date from November 17, 2014 to March 14, 2015)	Accumulated Progress till date ( March 14, 2015)						
<b>Output 1:</b> Integrate the cantonment sites throughout the year with the road head/market place by access roads	1. All the cantonment sites will be facilitated with year round access from the existing road network, which facilitates the supply of essential commodities such as food, medicine, cloths; quick and easy access to medical services including hospitals; movement of UN and other teams to perform routine inspection and monitoring of the combatants and the storage of weapons; plying of dependable public

2.2 door to door mobilization of community workers(73 districts)	20	51	73	55	
2.3 District level stakeholders/secretary meeting of village development committee(73 districts)	73	41	73	41	
2.4 Taking local focal person to facilitate district District/VDC level coordination for the screening of CADP in each district(73 districts)	73	55	73	55	
Output 3. Physiotherapy and occupational therapy at the centre level and in communities			7000	1383	
Assessment of problems	Main problems implementation	observed in project	Causes of prob	blems observed	Efforts to solve the problem

observed and risks Internal or external risks to the Programme that may affect the success of the Programme.	Service delivery to the CADP in the remote areas	Weak physical condition difficult to come for the physical rehabilitation services. In some cases, require either ambulance or separate disabled friendly vehicle.	Technical team will mobilize in the respective places and provide services.
	Production of the devices	There are not separate rehabilitation services only for the conflict affected disabled people but each rehabilitation centre provide services to both CADP & Non-CADP. So, it takes time to deliver the devices.	Because of limited duration of the project priority have been given to the Conflict Affected Disabled People.
	Information about CADP project	Due to numbers of outreach activities of the project, CADP are in gradually in contact for the rehabilitation services but it takes time to come to centre and wait for the service	Giving priority to indentify the needy persons and provide services effectively as the earliest. Similarly, district allocated to the partners for the easy access of CADP
	Duration of the Project	In the initial stage of the project there was not provision of the outreach activities. So, project amended has been made for the better service provision. Because of outreach activities many CADP are in contact but due to limitation of the production and human resources, it takes time to service deliver.	Increase technical and field staffs, Need identification for the production and service delivery. Procure the raw materials as the project target & plan.
Proposedadjustmentstoprogram design and plansAn assessment of the need foradjustments to activity plans and/orinputs and outputs	Needed to extend the project duration u Centres and receive the service.	ntil and unless the Conflict Affected D	isabled People are not in contact of Physical Rehabilitation

	NFEC employ	vees mobilized to	LINEM giving	tirst priority	activities e.g., districts level orientations in

	initiate Literate Nepal Mission activities as the GoN declared F.Y. 2071/72 as the Illiteracy Eradication Year		Kailali, Nuwakot, Banke and Udayapur districts carried out from the same team deputed for LINEM orientation in these and nearby districts
	The employees and management responded somewhat indifferently. Employees hesitated to take financial responsibilities such as taking funds in advance to carry out programs in districts and centre.	Because of lack of norms of expenditure approved by MoF, some confusion on expenditure norms, close scrutiny by auditors and other regulatory bodies.	Discussion with colleague, Initiation of the process for the approval of updated norms of expenditure, and contacting out with other relevant persons, agencies and institutions.
	The tender process for the procurement of the materials for CLCs could not be initiated on time.	The reports of the subject areas of training could not be collected completely because the training programs were ongoing in technical schools under CTEVT. The staff of the financial section of NFEC transferred. It took time to form new procurement Unit.	Preparatory works initiated List of materials and equipment to be distributed prepared
Proposed adjustments to program design and plans An assessment of the need for adjustments to activity plans and/or inputs and outputs	after six months of the project appro	e of the project activities. The reason val.	n is that the activities could only be initiated tion of the activities. NFEC will initiate the

Project Number and Title:	3/15 Promoting Equal Participation of Women in Decision Making Position and Peace Building Process

1.3 Hold interaction meetings involving representatives of	80	71	200	157(M-88, F-63)	
political parties and 2government bodies(200)	2 Interaction	2 interaction	5 interaction	4 Interactions	

1.4 Organise talk programmes/seminars on women, peace and security at central and district levels with LPCs, NGOs and civil society (200)	1	40	200 5 Talk program	97 (M-20, F-77) 2 Talk program	
Output 2.					
Activities					
2.1 Discussion on constitutions /manifestoes of political parties based on review report to make them gender friendly – 1 discussion	1	0			This discussion accumulated for next quarter
2.2 Review Public Service Commission's Acts and Regulations and recommend necessary changes to make them gender friendly- 1 review, 6 FGDs	1 review 6FGDs	Ongoing Three FGDs completed		Five FGDs completed in five development regions	FGDs were not in the project document. T project management team realised the need for regional level consultations and one in At the Kathmandu at the central level.
2.3 Prepare a realistic time-bound action plan for Public Service Commission to increase women in government jobs	1	ongoing			Once the review is complete, action plan will be prepared based on the recommendations.
2.4 Prepare a realistic time-bound action plan for political parties to increase number of women at decision-making levels- 1	1	Process ongoing			Accumulated for next quarter
Output 3.	1				
Activities					
3.1 Design and implement an effective Monitoring and Evaluation framework to monitor implementation of UNSCRs 1325 and 1820- 1	1	ongoing			
<ul> <li>3.2 Enhance capacity of NWC members/staff and train relevant agencies in implementing the M&amp;E framework – 1training</li> </ul>	1 capacity building training to NWC staffs and members	1 done	3	3	
3.3 Orient government personnel of related ministries/departments, along with other relevant stakeholders, to the M&E framework	-	-	-	-	
3.4 Organise overseas exposure visits for NWC personnel to countries where peace-building initiatives are in progress 1 visit	-	-	2 exposure visits	1 visit completed	

	Main problems observed in project implementation	Causes of problems observed	Efforts to solve the problem	
	Faced difficulties in identifying participants from political parties	Huge number of members in different parties and every is interested to participate	Limited the seats for each districts	
<b>Assessment of problems observed and risks</b> Internal or external risks to the Programme that may affect the success of the Programme.	Level of understanding is different between district focal person and center office. Most of the district focal person faced problem while identifying DCC	In most of the district DCC are not actively operating and in most of the district has no idea that DCC is formed in their district	Made clarity among focal persons for selecting participants	
0	New board changed in Public Service Commission	Difficulties in time management from members of PSC due to heavy work during their phase out period	In the process of discussing with new PSC members	
	Lack of internal coordination	Considering project as a separate programme, not considering it as a supportive program for meeting the objectives and regular program of the organization	Making them internalized through various staff trainings and internal dialogue	
<b>Proposed adjustments to program design and plans</b> An assessment of the need for adjustments to activity plans and/or inputs and outputs	though it was signed on 15 July 2013.
